Nursing is a science; research.

Nursing is evidence based EBN

Nursing is concerned with health promotion,
health maintenance, and health restoration.

Nursing theory model -

You cannot care to learn to care
from a book -

Customer care kindness.

Nurses are the heart of healthcare.

Nurses dispense, we fight, we pass on

Legacy is what over a prescription.

when you are a nurse
you know that was less.

You will touch a life or a life will

touch yours

— Do not influence other students in your class.
